

# Your First Postal Vehicle

It isn't uncommon to see a new RCA hunting a right hand drive (RHD) vehicle. This is somewhat unfortunate because:

- 1) RHD vehicles are hard to find!
- 2) The ones you can find tend to be very expensive,
- 3) and used RHD vehicles have typically had a hard life (mail routes are tough on vehicles).

Please see the [Guide for Choosing a POV](#) for a full discussion. But in general either try to make a vehicle you own work. Or try to find something cheap, reliable, with good ground clearance. Used minivans are a favorite recommendation.
